Research Project Periodic Log Entry Form

Project ID : 25 - 26J - 380

Student ID : IT22895950

Name : Weerasiri A W S M

Individual Component : Statistical Data Analytics
for Futuristic Tourism & Module

Date : RP work

17.08.2025

First I selected a domain which we can proceed our research with. Went through several research papers and read the introduction, literature review sections and conclusions.

18.08.2025

Listed some research problems and research gaps. Then found out future works and worked on the research components.

22.08.2025

Found 4 components, by doing discussions with my team members. Finalized the research components and started to do research on the individual components.

Research Project periodic log entry form

Project ID : 25-26J-380

Student ID : IT22895950

Name : A W S M Weerasiri

Individual Component :

date RP work

1-09-2025

Started preparing for the proposal presentation. Refer other badge's presentation & got ready.

04-09-2025

Did a deep dive into my component & learned more about novelty & research gap & make sure the component is okay.

09-09-2025

Presented our initial proposal presentation to our supervisor & got her feedback.

Date :

No :

10-09-2025

Studied about the
implementation of my
component & got some
knowledge on IOT sensors

Code base checked : yes/No Signature

Date :

11/9/2025

Research project periodic log entry form

Project ID : 25 - 26J - 380

Student ID : IT22895950

Name : A W S M Weerasiri.

Individual component : Destination Analytics & Dynamic crowd management System.

Summary of RP work carried out during the reporting period

Date (or/est) : RP work

03/10/2025

Did a little research on Crowd management & detection.

04/10/2025

Researched about IoT devices which could do crowd detection.

07/10/2025

Did a cost analysis on the IoT devices & found out the best affordable devices for me.

Date:

No:

10/10/2025

Researched about my
Selected IoT devices
& finalized them

Student ID - IT 22895950

Name : Weerasiri A W B M

Individual Component : Destination Analytics
and Dynamic Crowd Management System

Date

RP work

05.12.2025

Created MongoDB
to enter crowd
data

08.12.2025

Checked the accuracy
of the trained model

Supervisor comments :

Name : A W S M Weerasiri

Individual Component : Destination Analytics
& Dynamic Crowd management System

Summary of RP work carried out
during the reporting period

Date

RP work

14/01/2026

Worked on the accuracy of
crowd detection

15/01/2026

Put the model on training

17/01/2026

Created the frontend
of the custom gpt
for destination
analytics.

22/01/2026

Worked more on front
end of custom gpt.

24/01/2026

Worked on finding
ways to extract
Google review data

27/01/2026

Prepare the data sets
for data training
Purpose
